To send a teletype

- Create the document on the computer as usual.
- Insert the following at the beginning of the document:
TELEX TO: (address code - or - telex number).
When mailing to an address outside Germany, the dialing prefix must be written before the telex number with a space between the two. A separate line should be used for each addressee.
- Leave an empty line after the header.
- Mail the document via E-mail to TELEX. After a few minutes, you will receive a confirmation that the document has been queued, i.e. included in the telex queue and that it will be sent off as soon as possible.

Telex schicken

- Erstellen Sie wie gewohnt Ihr Dokument auf dem Computer.
- Fügen Sie an den Anfang des Dokuments folgende Zeile ein:
TELEX TO: (Adreßcode - oder - Telexnummer).
Bitte beachten Sie, daß bei Fernschreiben ins Ausland die Auslandsvorwahl und die Empfängernummer durch eine Leerstelle getrennt werden müssen. Für jeden Empfänger ist eine eigene Zeile zu verwenden.
- Lassen Sie eine leere Zeile nach der Adresse.
- Schicken Sie das Dokument per E-mail an TELEX. Nach wenigen Minuten erhalten Sie eine Bestätigung, daß Ihr Dokument in die Telexqueue eingereiht wurde und so bald wie moeglich abgeschickt wird.

Telefax Information

As of Spring 1991, most departments received their own fax machines for official use. (Fax numbers are listed after departments on pages 19 through 37). Departments should ensure that they send and receive faxes on the machines nearest them.

Public fax machines have been installed in Room 123 (behind the Reception in the lobby of the English Garden Building). These machines enable employees to send private faxes on a 24-hour basis. It is also possible to make private phone calls from the telephones attached to these machines. The machines and telephones must be operated with a magnetic card which can be obtained in Room 45, Automation Services.

Seit Fruehjahr 1991 haben die meisten Abteilungen ihre eigenen Fax-Geräte. Die jeweiligen Abteilungen sollen die Ihnen am nahe liegendsten Geräten benutzen.

Öffentliche Fax-Geräte befinden sich im Zimmer 123 (hinter der Rezeption im Englischen-Garten-Gebäude). Diese Geräte ermöglichen Angestellten, private Fax-Sendungen rund um die Uhr zu schicken. Private Anrufe können von den den Fax-Geräten angeschlossenen Telefonen getätigt werden. Die Fax-Geräte und die Telefone können nur mit einer Magnetkarte benutzt werden. Diese Karte bekommt man im Zimmer 45 bei Automation Services.

This image shows a blank, aged, cream-colored page, likely a flyleaf or endpaper from an old book. The paper has a slightly textured appearance with some minor discoloration and faint horizontal lines, suggesting it was once ruled. The page is set against a dark background, and the lighting is even, highlighting the texture of the paper.
